

IFSEC India Awards 2026
Application Form: Excellence in Integrated Security Management

AWARD CATEGORY	DESCRIPTION
Excellence in Integrated Security Management	Recognises an organisation integrating three or more distinct security systems or operational domains into a unified management framework for visibility, coordination, decision-making and incident response.
ELIGIBILITY CRITERIA	
1. The organisation applying for the awards must have been operational in India for at least one year as of 31 March 2026. 2. The organisation must be an end-user that has implemented and operated the nominated integrated security-management framework within its own operations. 3. The nominated framework must integrate at least three distinct security systems or operational domains for unified visibility, coordination, decision-making or incident response. 4. The nomination must demonstrate relevant implementation activity or measurable impact delivered in India during the eligibility period from 1 April 2024 to 31 March 2026. 5. Projects or initiatives commenced earlier may be included where the nomination demonstrates relevant implementation activity or measurable impact during the eligibility period. 6. The nominated framework must be implemented and operational and cannot be at the ideation or development stage.	

IMPORTANT RULES FOR PARTICIPATION
1. All mandatory fields and questions must be completed. Responses should be relevant to the category and supported by evidence where applicable. 2. Please indicate "Not Applicable" only for non-evaluation fields that do not apply. 3. Information presented for evaluation must relate to the nominated project or initiative and its outcomes within the organisation being represented and during the eligibility period, unless expressly stated otherwise. 4. The final eligibility of the nomination is subject to the Terms and Conditions.

Case-study Instructions

- Answer each question in a maximum of 150 words.
- Responses should focus on the nominated framework, its integration, operational use and outcomes during the eligibility period from 1 April 2024 to 31 March 2026.
- Applicants are encouraged to support responses with specific examples, outcomes achieved and relevant evidence that accurately reflect the organisation's implementation and results.

1. Describe the fragmented security environment or operational need addressed by the organisation. Identify the systems or operational domains involved, the limitations of the earlier arrangement and what differentiated the unified approach within the organisation's operating context.

--

2. Explain how the unified security-management framework was implemented and operationalised. Describe the architecture, integrations, data flows, workflows and controls established, the implementation challenges addressed, and how relevant personnel and teams were enabled to use the framework effectively.

--

3. Demonstrate the security and operational impact attributable to the integrated framework during the eligibility period. Provide relevant outcomes relating to visibility, coordination, decision-making, incident response, system reliability or operational efficiency, and explain how the results were validated and can be sustained or expanded.
