Case-study Instructions

- Answer each question in a maximum of 150 words.
- Responses should focus on the nominated initiative, its implementation, operational use and outcomes during the eligibility period from 1 April 2024 to 31 March 2026.
- Applicants are encouraged to support responses with specific examples, outcomes achieved and relevant evidence that accurately reflect the organisation's implementation and results.

1. Describe the physical threats and vulnerabilities addressed by the initiative. Explain the facilities, infrastructure, people, assets or operations exposed, the limitations of the earlier security arrangement, and how the organisation determined and prioritised its detection and prevention requirements.

2. Explain the physical threat detection, prevention and response framework implemented. Describe the principal technologies or processes introduced, operating procedures, alert verification, escalation and response arrangements, implementation challenges addressed, and how security personnel and relevant stakeholders were prepared to operate the framework effectively.

3. Demonstrate the protection and resilience impact attributable to the initiative during the eligibility period. Provide relevant outcomes relating to threat detection or prevention, unauthorised activity, alert quality, response effectiveness, incidents resolved, losses mitigated or protection coverage, and explain how the results were validated and sustained.
